TO MAKE UP—With a slightly damp cloth and warm iron, press lightly. Using a fine back-stitch seam, sew shaped tops of sleeves to fronts and back, noting that straight cast-off edge of back and half cast-off edge of sleeves form part of neckline. Using a flat seam for ribbing and a fine back-stitch seam for other seams, sew up side and sleeve seams. Using a fine back-stitch seam, sew front bands to straight edges of fronts, placing coloured threads in line with first neck dec. Using a flat seam, sew collar in position. Sew on buttons to correspond with buttonholes. Finally, press all seams.

IMPORTANT

Please Read this First

To avoid disappointment you must use the wool recommended for each design.

It is also most important that you purchase sufficient wool of the same dye-lot to complete the garment, since it is not possible to avoid a slight variation in dyeing each dye-lot.

Tension

HOW TO CHECK YOUR TENSION—

Before you commence knitting, check your tension carefully—on this depends the success of the finished article. Take the wool and needles specified in the instructions, cast on 20 stitches, work 20 rows in plain smooth fabric. **Lightly** press work. Check the tension by placing an inch tape across the stitches, count the exact number of stitches to one inch and compare with the tension given in the instructions. All tensions are measured over plain smooth fabric, lightly pressed. If your tension is too loose, try a size finer needle. If your tension is too tight, try a size coarser needle. If there is more than one size of needle recommended in the recipe and you alter the needles to obtain the correct tension in plain smooth fabric, corresponding alteration must be made to the needles throughout the instructions.
